REPORTS

Dr. Vanderslice presented the following regulations for the care of milk to the Board for their consideration:

Regulations

1. All raw milk sold in the city of Lansing must be produced by cows free from streptococcal mastitis (Infectious Mastitis) as determined by two weekly tests by the microscopic method described in Veterinary Medicine, Vol. 30, No. 4, April, 1935. Animals producing such raw milk must be tested every six months thereafter and found free of infectious mastitis. Any reacting animals must be removed from the herd.

2. All vehicles used for the transportation of milk or other dairy products from the point of production to the distributing or manufacturing plants must be so equipped as to permit said products to be delivered at the plant at the same temperature at which they were received at the farm.

3. All producers shipping milk to any licensed milk dealer, must first have a properly constructed and sealed milk-house. The satisfactory construction of said milk-house shall be left to the direction of the Department of Health.

4. No licensed milk dealer shall bottle pasteurized milk and raw milk in the same building. This regulation does not include Grade A Raw Milk, when said milk is bottled on the farm where it is produced.

5. Any licensed milk dealer selling what is known as Vitamin D milk within the city limits of Lansing must submit to having said milk tested by a laboratory approved by the Lansing Department of Health for the correct number of advertised Vitamin D Units. The cost of these assays must be borne by the milk dealer or the firm under whose license they are operating. At least six assays a year must be made.

By Mr. Gibbons—

OFFICIAL PROCEEDINGS OF The Board of Health OF THE CITY OF LANSING

Proceedings June 20, 1935

June 20, 1935.

The Board met in regular session and was called to order by the President, Mr. Chamberlain.

ROLL CALL

Present—Messrs. Chamberlain, Bailey, Gibbons, Larrabee, Stitt.—5.

Absent—Messrs. McIntyre, McConnell, Yale.—3.

HEARING

Mr. Chamberlain stated that the hearing on the Frank M. Fitzgerald case and the proposed revoking of his license would be the first order of business:

City Attorney, Joseph W. Planck, took charge of the hearing and stated that the hearing was on the alleged violation of Section Five (5) of the "Ordinance to Regulate the Use of Dangerous Gases in the City of Lansing."

Mr. Fitzgerald present. Mr. and Mrs. Bolt present.

Mr. Roy Conley represented Mr. Fitzgerald.

Mr. Bolt was called to the stand and was sworn by Mr. Planck. Mr. Planck questioned Mr. Bolt as to the time he was told he could re-enter his home, what time the family returned, of his acquaintance with Mr. Fitzgerald and as to the illness of the baby during the night. Witness excused.

Mrs. Bolt called to the stand and sworn by Mr. Planck. She was questioned by Mr. Planck and testified that they were not told what time to take the children in to the home.

Mr. Conley questioned Mr. Bolt regarding arrangements for the fumigation and the previous fumigation a year ago of his home, by Mr. Fitzgerald.

Mr. Fitzgerald was called to the stand and sworn. Mr. Conley questioned Mr.

Fitzgerald as to what time he told the family to re-enter the home and as to the length of time Mr. Fitzgerald had been in the fumigation business, and if any other trouble had ever arisen. Mr. Larrabee asked the witness as to the fumigation of blankets and other bedding.

Dorothy Fitzgerald was called to the stand and sworn, but the City Attorney Joseph W. Planck, stated that her testimony was not necessary and the witness was excused.

William E. Noyes, City Sanitary Inspector, was called to the stand and was sworn. He defended the provisions of the Ordinance, and suggested that signed statement be made by the occupant of the house to be fumigated, and such signed statement be deposited in the health department before fumigation was started.

Mr. Planck stated that this ended the hearing, and it was a question of which witness was right in the matter.

By Mr. Gibbons, that the Board resume regular session.

President Chamberlain then took the chair.

The Minutes of the previous meeting were read and approved.

COMMUNICATIONS

A communication was received from the Dyer-Jenison-Barry Company relative to the return of the Wayne E. King (United Fumigation Service), Fumigators License Bond as evidence of its cancellation.

By Mr. Gibbons—

That the Board be instructed to write the Bonding Company as to reasons why this Bond should be returned for cancellation.

Carried.

By Mr. Larrabee—

That the proposition be left with the head of this Department and the Bonds and Contracts Committee of the Board of Health, with power to act, upon this and other similar matters.

REPORT OF HEALTH OFFICER

Dr. VanDerslice filed a detailed report of the activities of the officers and employees of the department, which was received and placed on file.

COMMITTEE REPORT

Mr. Gibbons, Committee on Ordinances, presented the following regulations relative to fumigation:

1. A signed statement signed by the occupant of the house to be fumigated, stating that he has been warned that the following provisions must be carried out before occupancy:

A. No adult is to enter the building until six hours after airing and no children under six years of age, until eighteen hours after airing.

B. All windows in the bedrooms must be left open during the first night of occupancy.

C. All bedding and mattresses must be thoroughly aired and beaten out of doors by the occupants, before using.

2. A fan must be used in ventilating the house after fumigating. These fans must be used in the basement and on all floors. This fan must be used in all closets or portion of rooms where the gas is liable to pocket.

3. The signed statement referred to in Rule 1 must be deposited at the Health Department before fumigation is started.

4. When the temperature of the air is below 60°F. that during the airing period a fire must be built, and before persons are allowed to re-enter that the doors and windows be closed and allowed the building to become thoroughly heated and then again aired before the occupants be allowed.

5. These rules are not effective in the fumigation of an empty house which is not to be occupied within five days after fumigation.

By Mr. Larrabee—

That these regulations be adopted be adopted by the Board.
